## **Cabaret**

### **20. Hear Megan Hilty**

*Let her be your star.*

*Smash* gave her a national stage, but it didn't nearly do justice to Megan Hilty's talent: She's not only a gifted soprano but a sparkling comedienne. This cabaret residency (which, yes, will feature many songs from *Smash*) is the kind Ivy Lynn would kill for and what Hilty deserves.

*Café Carlyle, through June 7.*
