Responsible for bringing my “Big Fat Greek Wedding” to the big screen, Rita Wilson is about to do it again with the sequel set for March 25.

But that’s not all the musician/actress/producer is working on. She’s got a brand new self-titled albums set for release on March 11 and a tour as well.

And as if that’s not enough she also has a residency at The Carlyle Hotel’s Café Carlyle. PIX11 caught up with this woman of many talents to talk about the second studio album, which by the way is available for pre-order on Amazon and iTunes.
